Product designer with 10+ years of experience working at the intersection of design and code. I build accessible, scalable design systems and production-ready UI components, helping teams work more efficiently while keeping experiences cohesive.

Staff Product Designer

Pleo

Copenhagen, Denmark

Jun 2022 – Now (3 years, 10 months)

Strengthened the foundations of a design system used across Pleo's web and mobile products.

- Led the introduction of semantic design tokens across design and code, building Figma libraries and migrating components.
- Designed and implemented accessible UI foundations, including a WCAG-compliant focus indicator and form accessibility guidelines.
- Contributed directly to the codebase (React + TS) by implementing components and fixing styling and accessibility issues.
- Maintained and evolved the design system's Figma libraries (tokens, components, and brand assets) used by 20+ designers.

Senior Product Designer

Siteimprove

Copenhagen, Denmark

Dec 2017 – May 2022 (4 years, 6 months)

Worked across product design and design systems for an enterprise SaaS platform focused on website governance and optimisation.

- Co-founded the design systems team and helped define its processes, responsibilities, and roadmap.
- Designed and implemented accessible UI components, authored UX guidelines, and built UI libraries in Figma and Sketch.
- Designed product features for a data-heavy web application, including dashboards and account settings.

Product Designer

DSW

Schiedam, Netherlands

Jul 2014 – Jun 2017 (3 years)

Designed digital experiences for a Dutch health insurer, working across UX research, product design, and front-end implementation.

- Designed features and flows for customer-facing websites and iOS and Android apps through wireframes and interactive prototypes.
- Implemented responsive website designs using HTML and CSS, translating design specifications into production front-end code.
- Conducted usability tests and performed a top task analysis to prioritise improvements to the customer experience.

UX Researcher

Netmarketing

Rotterdam, Netherlands

Oct 2013 – Feb 2014 (5 months)

Conducted usability studies at a UX research consultancy, translating findings into actionable design recommendations.

- Planned and moderated usability studies, including participant recruitment, test scripting, and moderation.
- Synthesised research findings into clear UX recommendations supported by wireframes and interaction concepts.
- Delivered projects for clients across various industries, such as banking, public transport, pension funds, and online marketplaces.

UX Designer

Perceptive Software

Apeldoorn, Netherlands

Oct 2012 – Sep 2013 (1 year)

Improved the UX of a complex enterprise SaaS platform used to manage documents and business processes.

- Conducted usability research including participant recruitment, test scripting, moderation, and analysis.
- Turned research insights into wireframes and interaction concepts to guide product improvements.
- Collaborated with product and engineering teams to resolve usability issues and improve overall workflow.

UX Design Intern

Perceptive Software

Apeldoorn, Netherlands

Feb 2012 – Sep 2012 (8 months)

Researched the UX of a complex enterprise SaaS platform used to manage documents and business processes.

- Evaluated the product through contextual inquiries, stakeholder interviews, and a heuristic evaluation.
- Documented usability issues and user needs in a research report.
- Proposed UX improvements supported by wireframes and interaction design recommendations.

UX Research Intern

Valsplat

Amsterdam, Netherlands

Mar 2010 – Aug 2010 (6 months)

Supported UX research projects for major Dutch and international clients at a UX research consultancy.

- Conducted usability tests, including participant recruitment, test scripting, and moderation.
- Communicated research insights and design recommendations through reports and presentations.
- Contributed to projects for clients including PayPal, Microsoft, the Dutch government, ING Bank, and KLM Royal Dutch Airlines.

Skills

Core
